Is it time to update your vintage data center?

Does the term vintage make it sound newer than it actually is?

Yes

Are there elements that would look at home in a post-apocalyptic movie?

No

If the AC blows a certain direction do you smell burning?

Yes

Is your battery back-up older than you are?

No

Do you want to be the envy of your fellow IT pros?

No

Are you a real IT pro?

Yes

Time for a serious discussion with your CIO.

No

I THINK IT'S TIME TO UPDATE YOUR VINTAGE BRAND OF HUMOR
